## **URGENT PRESS RELEASE**

Dear All,

### **RE: REGRETFUL POSTPONEMENT OF AFRICA ICS CYBERSECURITY CONFERENCE 2024**

The organizing team and stakeholders of the highly anticipated Africa ICS Cybersecurity Conference 2024, deeply regret to announce the postponement of the event.

Originally scheduled to take place on **11<sup>th</sup> -13<sup>th</sup> June, 2024**, the Africa ICS Cybersecurity Conference aimed to bring together industry leaders, cybersecurity experts, government officials, and stakeholders from across the continent to discuss pressing issues, share insights, and foster collaboration in securing Industrial Control Systems (ICS).

Unfortunately, due to unforeseen circumstances and logistical challenges beyond our control, we have made the difficult decision to postpone the conference. The safety and well-being of our attendees, speakers, and staff remain our top priority, and we believe that postponing the event is the most responsible course of action at this time.

We understand the disappointment this may cause to our valued participants and partners who were eagerly looking forward to the Africa ICS Cybersecurity Conference. We sincerely apologize for any inconvenience caused and assure you that we are committed to organizing a successful and impactful event come 2025.

We will soon communicate the dates and venues for the ICS Cybersecurity conference 2025 and will provide updates as soon as possible. In the meantime, we encourage registered participants, sponsors, and partners to stay tuned for further announcements and information regarding the new dates and arrangements.

*Press release 2024*

Once again, we extend our sincere apologies for the inconvenience caused by the postponement of the Africa ICS Cybersecurity Conference. We remain committed to delivering a valuable and enriching experience for all participants, and we appreciate your understanding and continued support.

Yours faithfully

Mr Haron Oichoe
